### Special Notice.

In ordering by telegraph or cable, use code word following each title. Customers ordering films by code should be careful to spell out the code words exactly as they are printed in the catalogue, as wrong spelling often causes confusion and delay in filling orders and in some cases necessitating our telegraphing the customer for further instructions.

### Terms.

Cash with order, or C. O. D. when accompanied by reasonable deposit, to guarantee charges and delivery. Goods not sent on approval. We use nothing but first-class material throughout.

### A Request to Exhibitors.

We desire to broaden our field of subjects so as to be in a position to supply and list all films that will meet with the requirements of all classes of exhibitors. Many exhibitors have ideas for new films which they would like to see carried out. We will be pleased to receive suggestions from our customers as to new film subjects. When sending in such suggestions we would request the exhibitor to write them as plainly as possible. We will execute the ideas provided we find them practicable, and in this way motion picture exhibitors will doubtless be able to secure special subjects that are particularly desirable for their exhibitions.

### PRESERVE FOR FUTURE REFERENCE.

**Mr. Edison's Latest Discovery** has made a complete revolution in our printing and developing departments. We now employ an entirely new process for making animated film subjects. The results surpass anything hitherto produced. The pictures when projected show great improvements both in clearness and definition and have that mellow tone which has so long been sought for, but not until now obtained.

We will shortly announce a number of new and startling features in Animated Pictures.

Such films as President McKinley's last speech, the funeral ceremonies at Buffalo, Washington and Canton will offer material for accurate description that was impossible previous to Mr. Edison's invention of the KINETOSCOPIC and motion pictures.

**Film Coloring** We have improved our coloring process both in quality and rapidity, and are now prepared to furnish in appropriate films all films that are suitable for coloring. All ordinary subjects which contain from one to four figures, \$5.00 for each fifty feet. Special prices will be quoted on coloring all subjects which contain more than four figures and on all special subjects. It will take from one to two days for the coloring of 50-foot films, other lengths proportionately longer.

### IMPORTANT ANNOUNCEMENT.

**Class A Films.....\$7.50 per 50 foot length.**  
**Class B Films.....\$6.00 per 50 foot length.**  
Longer or Shorter Lengths in Proportion

To counteract the effect of cheap films, duplicates, worthless subjects and short length films that are being offered in the market, we are testing our famous Edison Films in two classes. Some of our subjects cost as large sums of money to obtain, while others are prepared at a nominal cost. Therefore, the films of inexpensive subjects, we shall list as Class B at the net price of \$6.00 per 50 feet. Those of the more valuable subjects and more expensive to get, will remain at \$7.50 per 50 feet. REMEMBER these are motion picture films and the best materials are presented—the quality of Class B films is precisely the same as Class A. The above prices are strictly net. There are no discounts.

#### THE VISIT OF PRINCE HENRY OF PRUSSIA.

ILLUSTRATING THE GREATEST INTERNATIONAL EVENT OF THE TWENTIETH CENTURY. EVERY FILM OF PRINCE HENRY IS A HEADLINER.

We beg to advise our patrons that owing to the fact that we were granted exclusive concessions by the Townsend & Downey Ship Building Company of Shoups Island, S. C., to make motion pictures of the launching and christening of Kaiser Wilhelm's yacht "Meteor," we are able to furnish a marvellous set of pictures, showing the chief occurrences and the leading officials and civilians taking part in them. These ceremonies took place on February 20th, 1902. We had exclusive permission from the government (which permission was signed by Dr. D. J. Hill, Assistant Secretary of State, allowing one of our operators to accompany Prince Henry's special train. This permit carried with it the entry to all ceremonies connected with the christening of Prince Henry. REMEMBER we have the ONLY GENUINE pictures of Prince Henry ceremonies. All others must be either fakes or copies. The Prince Henry pictures will positively not be sold in shorter lengths than those given in this catalogue. #### PRESIDENT MCKINLEY AT THE EXPOSITION.

Our cameras were at work at the Pan-American Exposition during President McKinley's entire visit, and we recorded many scenes incidental to the coming and going of the Presidential party. We were also fortunate enough to have our camera in position while President McKinley was making his speech at the Pan-American Exposition, on Thursday, September 5th, 1901, and thus secured a picture of our Executive while making the last address before the cowardly assassin upon his life. On Friday, September 6th, 1901, we also had our camera in position to photograph the President as he left the Temple of Music, but the deplorable assassination, of course, prevented our getting this picture. We did, however, secure an excellent panoramic view of the mob surging in front of the Temple of Music attempting to get at the assassin. These pictures have created intense excitement and interest, in addition to being the best and easiest recognized views of the President and Mrs. McKinley, they depict the last acts of our beloved ruler before he was shot. Our cameras were the only ones at work at the Pan-American Exposition on the day of President McKinley's speech, Thursday, September 5th, and on Friday, September 6th, the day of the shooting. We secured the only authorized pictures incidental to these events.

### JEFFRIES-RUHLIN SPARRING CONTEST.

On the night of November 15, 1901, James J. Jeffries, of Los Angeles, California, and Gus Ruhlin, of Akron, Ohio, engaged in a sparring contest in the ring of the Twentieth Century Athletic Club, at Alexander's Pavilion, San Francisco. By special arrangements with the promoters of the contest, Messrs. J. C. Kennedy, Wm. Madden and Wm. Delap, our cameras were on hand, and we secured authentic pictures of the contest. In order to record these pictures, it was necessary to specially equip the building with a large number of arc lights. To this end no expense was spared, and when the fighters entered the ring it was illuminated with thousands of candles of light. Thus we are able to present to our customers, not only the pictures of the contest, but the actual exhibition just as it took place, with the audience assembled. The pictures that were secured show every movement in the contest, from the time Jeffries entered the ring until he left it a victor in the sixth round. We give herewith an outline of the salient points of the exhibition by rounds. When Jeffries came through the ropes and climbed into the ring there was great cheering. Jeffries after

received his share of encouragement when he arrived a moment later, there in the ring the opposing factions showed the best of good nature. The preliminaries were arranged, Jeffries and Ruhlin shook hands pleasantly as they passed from one corner to the other across the canvas. The fighters were then introduced by Billy Jordan, the introducer causing a sensational shout. Captain William, of the San Francisco police, then appeared to examine the gloves. Immediately he had left the ring the fighters shook hands and "went over."

### THE GALVESTON CYCLONE.

At the first news of the disaster by cyclone and tidal wave that devastated Galveston on September 8, 1900, we immediately equipped a party of photographers and sent them to spend 48 hours in the city of the storm. Arriving at the scene of destruction shortly after the storm had swept over the city, our party had been rushed to the risk of life and limb in a large room of the hotel to secure pictures. In spite of the fact

that Galveston was under martial law and that photographers were shot down at sight by the excited police guards, a very wide range of subject has been secured. The scenes taken as a whole, will give the entire world a definite idea of the terrible disaster, unequalled since the Jamestown flood of 1882. The following pictures are all copyrighted, and fully protected by law. They are made from the original negatives, taken at a great expense, and expressed to us immediately after they were taken. We will prosecute anyone who copies or uses copies of these films.

These films draw immense crowds at Edison Museum and Proctor's vaudeville houses in New York City. Procure these films and increase the receipts of your exhibitions. This great disaster, which started the entire world, has made an indelible impression on the minds of the public, and everyone will be interested in seeing authentic moving pictures of a representative American city almost entirely wiped out by the combined power of water and wind. The films which follow are genuine, and ours are positively the only animated picture films secured while the city of Galveston was in a state of chaos.

**DEWEY DOINGS.**

We equipped eight parties on the occasion of Admiral Dewey's arrival in New York Harbor, Wednesday, September 27th, 1898, and secured the following excellent moving pictures of the stirring events of Dewey Days, Sept. 20th & Naval Parade 1 and Sept. 30th Naval Parade. Ours was the only camera on board the U. S. Cruiser Olympia on this memorable occasion. The Admiral posed especially for us.

#### NEW YORK'S WELCOME TO THE WAR SHIPS.

On Saturday morning, August 20, 1898, six grim black battleships of Admiral Sampson's Squadron sailed into New York Harbor and up the Hudson to receive a welcome from the people and to fire a salute of victory in sight of the tomb of the great soldier-hero of another war. We present the following films to the public as our share in the celebration, by means of which we not only satisfy the curiosity of people living too far distant to be present, but also perpetuate forever the glory of the occasion.

### THE ESTABLISHED POPULARITY OF MOVING PICTURES

MR. EDISON to believe that a series of views photographed in various parts of the world would prove a most valuable addition to our list of subjects, thus combining instruction with interest.

We therefore sent an efficient corps of photographers on an extended tour, and the results are now placed before the public. The pictures cover noted natural scenery and institutions, places of interest in cities, and social and domestic life, customs, amusements, and occupations characteristic to the different localities in which they are taken. The views are actual reproductions, and in every instance photographed from the original, and in every instance photographed from the original, and in every instance photographed from the original.

#### OCCIDENTAL AND ORIENTAL SERIES.

The following subjects were taken abroad ship and in the Orient, China, Japan and Hawaii being the countries in which the scenes were taken. It is worthy of note that the subjects are chosen which distinguish all the high achievements of the Occident and Orient, S. S. Co. of San Francisco that in efforts of our artists proved so successful. We are indebted also to the kind cooperation of the captains and officers of the fine vessels of this fleet for our pictures of ship life.
